**December 20 to
January 3**
Winter Break
(School Closed)

Dear Skwo:wech families,

This year our Remembrance Day assembly was held virtually and shared throughout the school on Wednesday afternoon; we were pleased to be able to host District Director for Learning Services, Bruce Cunnings, who attended our assembly along with the students of division one. The focus of our learning at school has been centered around the recognition of Canadian service and contributions to world peace; and the 100th Anniversary of the Poppy as a symbol of recognition and memory of sacrifice. This year the students of divisions 1-12, along with students from Herbert Spencer Elementary, took part in the No Stone Left Alone ceremony at Fraser Cemetery. This act of in person recognition at Fraser Cemetery has become an important tradition at our school and we are grateful for this opportunity; the soggy weather did not deter anyone's participation and several children commented that the weather helped them to focus their reflections on the sacrifices of the veterans. Across our school students were engaged in thoughtful and reflective acts of remembrance.

Every year the [Royal Canadian Legion](#) kindly provides our students with a poppy. These were distributed to all classes on November 10th for our virtual assembly. As in the past, we will continue to collect donations in support of the Legion's Poppy Campaign, the donation tins will be available at the office until November 16th. On behalf of the Legion, we appreciate your donations to the Poppy Fund.

With gratitude, Mrs. Chad

Congratulations to our staff members who were honored for their years of dedication and service to our district and the children of New Westminster.

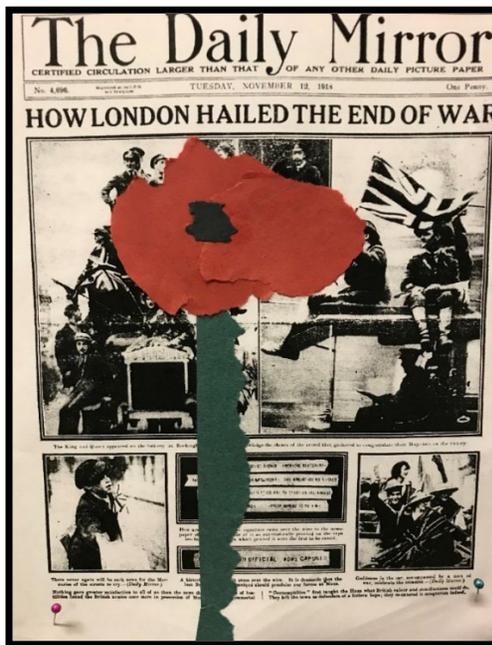

Mrs. Kamagianis, Mr. Wong,
Ms. Lange, Ms. Ballantyne, and Mrs. Simpson

congratulations
